

Gas and vapor detection

TVA2020 Toxic Vapor Analyzer

Portable FID/PID detector

The Thermo Scientific™ TVA2020 Toxic Vapor Analyzer is a lightweight, intrinsically safe portable gas leak detector. It is capable of detecting virtually all organic and inorganic compounds, and it's designed for use in diverse applications including site remediation, US EPA Method 21 monitoring, landfill monitoring, emergency and hazmat incidents, and general area surveys.

Save 10% on the purchase of a new TVA2020 Toxic Vapor Analyzer.

This offer is valid with binding purchase orders received by 12/31/2026.

Certain restrictions apply; see your sales rep for details.

TVA2020 Toxic Vapor Analyzer
