Re: Thermo Fisher Scientific Particulate and Gas Analyzer Product Offering

Subject: Notification of Product Discontinuation

Dear Valued Customer,

We are constantly evaluating and streamlining our existing product portfolio to ensure that we continue to serve the needs of our customers in the best possible manner. Certain legacy products, which often rely on outdated equipment and frequently unavailable third-party parts and supplies, do not allow us to effectively support our customers. After a careful and thoughtful review of our Environmental Monitoring business, we have decided to discontinue selected particulate and gas analyzer product lines listed in Appendix "A".

With this announcement we want to provide you with an opportunity to place last time buy orders of affected product lines as our inventory and supply chain allows until June 30, 2026. Thermo Fisher Scientific stands behind its environmental monitoring products, and we intend to provide service parts support and accessories for affected models, based on availability*, through June 2036.

Key Dates:

Last Date for Instrument Orders: June 30, 2026

Last Date for Consumables, Spare Parts and Service Support Availability*: June 30, 2036

We apologize for any inconvenience this may cause and are committed to supporting a smooth transition. Your Thermo Fisher Scientific representative can help identify suitable replacement solutions and support your ongoing needs.

We understand that you may have questions or concerns regarding this decision. Please contact your Thermo Fisher Scientific representative or sales manager for support and to discuss next steps.

Sincerely,

Daniel Mullen

Senior Manager, Product Management
Environmental & Process Monitoring
Thermo Fisher Scientific
27 Forge Parkway | Franklin, MA 02038

****It is possible that certain consumables and spare parts could become unavailable prior to the end of the defined period due to supplier availability or regulatory restrictions***

Appendix “A”: List of Discontinued Products

Model Number	Product Description	Product Type
1405	TEOM Continuous Ambient Particulate Monitor	Particulate Monitor
1405D	TEOM Continuous Dichotomous Ambient Particulate Monitor	Particulate Monitor
1405F	TEOM Continuous Ambient Air Monitor	Particulate Monitor
1405DF	TEOM Continuous Dichotomous Ambient Particulate Monitor	Particulate Monitor
1160	Zero Air Supply	Zero Air Supply
46i	Nitrous Oxide Analyzer	i-Series
51iLT	Total Hydrocarbon Analyzer	i-Series
60i	Multi-Gas Analyzer	i-Series
CTL3000	Full Extractive Probe Controller	Probe Controller
PRO3000	Full Extractive Probe	Probe
CTL902C	Low Flow Dilution Probe Controller	Probe Controller
CTL902C2	Low Flow Dilution Probe Controller	Probe Controller
PRO902C	Low Flow Dilution Probe	Probe
CTL903	Dilution Probe Controller	Probe Controller
PRO903	Dilution Probe	Probe
CTL1001	Dilution Probe Controller	Probe Controller
PRO1001	Dilution Probe	Probe
