

Solutions for environmental and food contaminant testing

Meeting regulations across Europe today and beyond

Jeudi 16 octobre, 2025 • 09:00 – 16:30

Thermo Fisher Scientific Customer Solution Centre

16 avenue du Québec - Silic 765, Villebon-sur-Yvette, Courtaboeuf, Paris, 91941
Courtaboeuf CEDEX

Agenda

09:00 **Accueil & Café**

09:30 **Placement salle**

09:50 **Live streaming of this event to 'satellite' locations and online audience**

Presentations include:

- *Enhancing PFAS Analysis: Automated Sample Preparation and HPLC Solutions*
- *Alternative MS Detectors and Custom Software Interfaces for Regulated PFAS Analysis*
- *PFAS: Current Market Challenges and Future Expectations - discussion with expert panel*
- *Introducing Chromeleon 7.4: Ready-to-Go Solutions for Pesticide Residue*
- *Optimized GC-MS/MS methods for 400+ Pesticides with Hydrogen or Helium*

13:00 **Buffet Convivial**

14:30 **Sylvain Morel, Thermo Fisher Scientific, Analyse sensible et robuste des PFAS à chaîne courte et du TFA grâce à l'IC/MS**

15:00 **Marie Calvet, Thermo Fisher Scientific, Explorer l'invisible: nouvelles possibilités de screening ciblé en matrices complexes avec Thermo Scientific™ Stellar™**

15:30 **Pause café**

16:00 **Christophe Tondelier & Gaëla Leroy, Veolia, Screening de contaminants en matrices environnementales par GC et LC Orbitrap**
